

New alternative to plastic!!!!

This still mountain water is packaged in Tetra Pak® cartons, which are made from sustainable paperboard from FSC approved forests and are fully recyclable, as well as refillable and reusable.

One Less Bottle is produced by [One Water](#), a life-changing ethical drinks brand that channels profit to fund sustainable water projects in some of the world's poorest and most vulnerable communities. The brand has set up The One Foundation to help provide clean water and sanitation to communities all over the world. So far they have raised £17.4 million pounds, changing over 3.3 million lives. By supporting One Water, we are actively helping the environment and acting as leader of the pack when it comes to environmental responsibility.
